HIGHLIGHTS

Beacon has been a true pleasure to live with since the day he joined us from England as a pup. He was an easy pup, always wanting to follow the rules, understand what is being asked of him and how to do things right. Beacon is lovely to work with, he has a strong work ethic, great nose, natural backing, and determination in the field as he enthusiastically goes about his work. Beacon measures in at 25.5" and weighs 65lbs. He loves the water and retrieving. Beacon is a very easy dog to live with, with a nice off switch but always ready to go and do; dock diving, Fast CAT, hiking, road trip, whatever is before him. Beacon was owner handled through his CH, including a Sporting Group placement.

HIGHLIGHTS

Nemes is a trend setter and record holder for the breed, proven in Field, Show, and Performance. Nemes holds three of the highest field titles you can earn in the U.S. AKC Master Hunter(MH), NAVHDA Versatile Champion(VC), and VGP (German Utility Test). Nemes is also an AKC Grand Champion with limited time in the ring, earning multiple Best of Breed and Group Placements. Nemes has proven his versatility by earning first for the breed titles including Master Agility, Tracking Dog, Versatile Companion Dog and first AKC registered purebred Master Hunter. Nemes not only has a strong desire, but he also has the cooperation needed to earn these high-level titles. By far the most important aspect of Nemes is his demeanor! He will greet anybody without hesitation and adjust his approach based on reading who they are whether babies, small children or elderly. He is a treat to live with as he loves to work, but once in the house he can relax on the rug. Nemes has sired 5 litters and many of those puppies have also titled in Show and/or Field. Most importantly we spend as much time as we can during hunting season to get him back in the field to do what he was bred for, hunting upland, fowl, or fur.

Coat Test Results: Coat Length SS-carrying two copies of the short coat length gene / Furnishings FF-furnished does not carry the smooth gene.

Accomplishments:

1st AKC registered purebred Master Hunter 1st AKC Master Agility Dog 1st AKC Versatile Companion Dog 1st AKC Track Dog
Only WV to earn the Parent Club Versatile Superior & Excellent Awards
Only WV to hold all 3 high-level field titles – MH VC VGP
